Professional Summary

Data Analyst with hands-on experience analyzing and transforming datasets into actionable insights using **Python, SQL, Power BI, and Excel**. Skilled in **data cleaning, exploratory data analysis (EDA), statistical analysis, and dashboard development**. Experienced in building interactive dashboards, identifying business trends, and generating KPI reports to support data-driven decision making. Proficient in **Pandas, NumPy, Matplotlib, and data visualization techniques** to communicate insights effectively.

Technical Skills

- **Programming:** Python (Pandas, NumPy), SQL
- **Data Analysis:** Data Cleaning, Data Transformation, Exploratory Data Analysis (EDA), Statistical Analysis, Data Interpretation
- **Data Visualization:** Power BI, Tableau, Microsoft Excel, Matplotlib, Seaborn
- **Excel Skills:** Pivot Tables, VLOOKUP, Data Cleaning, Charts
- **Databases:** MySQL, PostgreSQL, SQL Server
- **Tools:** Git, GitHub, Jupyter Notebook
- **Other:** Dashboard Development, Business Intelligence (BI), KPI Monitoring, Data Reporting

Projects

Performed exploratory data analysis on sales datasets using **Python (Pandas, NumPy)**.
Cleaned and transformed datasets to improve data quality and ensure accurate analysis.
Built interactive **Power BI dashboards** to visualize sales performance, revenue trends, and key business metrics.
Identified sales patterns and insights to support data-driven business decisions.
Conducted exploratory data analysis on GoPuff delivery datasets using **Python (Pandas, NumPy)**.
Cleaned and processed delivery and order datasets to improve data accuracy.
Analyzed KPIs including **order volume, delivery time, and revenue trends**.
Developed **Power BI dashboards** to visualize peak delivery hours and product performance.
Identified customer ordering patterns to support operational decision making.

Professional Experience

Collected, cleaned, and analyzed business datasets using **SQL and Excel**.
Built **Power BI dashboards** to monitor key performance indicators (KPIs).
Generated analytical reports to support marketing and sales strategies.
Identified trends and patterns that improved business decision making.
Analyzed marketing datasets to evaluate campaign performance and customer engagement.
Performed data preprocessing and transformation to improve data accuracy.
Created dashboards and visual reports using **Excel and BI tools**.
Provided analytical insights to optimize marketing strategies.

Certifications

- Data Analysis with Python – LiveTech
- Microsoft Power BI Certification
- SQL for Data Analysis Certification

Education

B.Tech Electronics Engineering

Yeshwantrao Chavan College of Engineering (YCCE)

Nagpur, India

2022 – 2025

Diploma in Electronics and Telecommunication

Government Polytechnic Nagpur

Nagpur, India

2019 – 2022

Languages

- English (Fluent)
- Hindi
- Marathi
